

Dear Fellow Alliance College Alumna/Alumnus,

As we prepare for another year of activities, reunions, and important work toward preserving our history, we are reminded of something profound: *Alliance College no longer exists—except in us.*

The campus is gone. The buildings are gone. But the spirit of Alliance, the friendships we made, and the legacy we carry forward continue because **we choose to keep them alive.**

This year, we are inviting alumni to become **ACAA Sponsors** to help support the essential work of the Alliance College Alumni Association — including our website improvements, archival preservation, communications tools, annual meeting costs, and *scholarships for the next generation.*

Because our alumni community is small and spread across the country, your sponsorship makes an enormous difference. Every dollar helps us preserve our shared story and ensure that future generations know the significance of Alliance College.

Enclosed are sponsorship opportunities ranging from \$100 to \$1,000 or more, with recognition options that include tributes in honor or memory of classmates, family members, or faculty; monthly e-newsletter acknowledgment; and even opportunities for businesses to gain positive visibility within our alumni community. I am open to your ideas! Reach me at james.p.koscielniak@gmail.com or 720.556.7322.

If Alliance College shaped your life — your friendships, your identity, your understanding of your heritage — we invite you to help preserve that legacy in 2026.

Thank you for helping us keep the Spirit Alive.

Warmly,
Jim Koscielniak, Chair

Reunion Sponsorship Committee
Alliance College Alumni Association
